From: Port Huon Progress Association
To: Tasmanian Salmon Study Secretariat
Subject: Request to be included in stakeholder consultation
Date: Sunday, 5 July 2026 8:29:55 PM

Dear Dr Craik and Dr Reichelt,

The Port Huon Progress Association is a not-for-profit organisation representing the community of Port Huon. As you know, Port Huon is home to Huon Aquaculture's Whale Point nursery, which the company plans to double in size. The Port Huon wharf and Port Huon jetty and net maintenance facility are all used intensively and exclusively for aquaculture. These activities have many impacts which local residents are highly attuned to. We would welcome the opportunity to be consulted during the study, particularly regarding the effects of salmon farming on local economies, communities and ecosystems (topics 5 and 6).

We look forward to hearing from you.

Kind regards,
Christie Lewis
Vice-President
Port Huon Progress Association
